WITH MANY THANKS TO OUR SPONSORS:

The UUCSR Men's Group and Hyperbaric Medical Solutions

Doors open at 12:30 PM, Program begins at 1:00 PM

Conference Speakers

Henry Prince, MD, Medical Director, Hyperbaric Medical Solutions (HMS), Medford, LI, uses state-of-the-art hyperbaric oxygen therapy to treat victims of Lyme disease and other conditions. Dr. Prince is excited to speak about the amazing progress his Lyme patients have experienced using the treatment. Joining Dr. Prince at the event will be HMS's office manager, Lucia Bush, who herself suffers from Lyme disease and has experienced the benefits of hyperbarics. www.hyperbaricmedicalsolutions.com

Lynne Blocker, MA, RD, CDN, Masters Degree in Clinical Nutrition from NYU, ADA Registered Dietitian & New York State Certified Dietitian/Nutritionist. In her practice, Breakthrough Nutrition PLLC in Great Neck, NY, Ms. Blocker focuses on medical nutrition therapy and wellness nutrition consulting.

Dr. Edward Yost, Anesthesiologist and Lyme Victim, saw doctors in all types of specialties. Every physician he met dismissed his thoughts of having Lyme disease even though he initially presented with a tick bite and had muscle aches and pains. He finally saw a Lyme doctor in Pennsylvania who he credits with saving his life. Through his experience he has learned a lot but still has lingering symptoms because of the delay in his diagnosis and treatment

Tracy Hans, MS, LPC, Psychotherapist, Lyme patient & Founder-Director of the mental health agency, "Therapeutic Alliance Group" (TAG). www.talliancegroup.org Ms. Hans has worked for 15 years as psychotherapist and professional presenter, training on topics such as Attention Deficit Disorder, Conflict Resolution, Adventure Based Counseling and Lyme disease. Ms. Hans now trains Psychotherapists how to incorporate Lyme disease awareness into their practice. She will speak about effective medical care management and counseling for Lyme disease patients.
